

Winter/Spring 2018/19

## News Bytes for Winter/Spring

### Welcome Nancy Harr to the Brainy Bytes Family!

We are thrilled to welcome our newest licensee, Nancy Harr and are excited about her future in North West Atlanta!

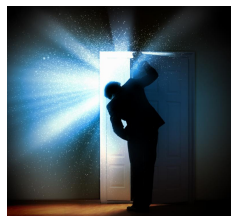

Nancy recently completed her MBA and was looking for opportunities to take her career in a different direction.

As a mom to two young boys she knows the importance of STEM and was impressed with how the Brainy Bytes curriculum took things her boys were already playing with and created a FUN learning environment for them.

### Looking Ahead Towards 2019

We are working harder than ever to make Brainy Bytes a leader in our industry. We are doubling our staff in preparation of big changes.

Including:

- Improved licensee portal and forum offering amazing, industry targeted marketing and operational resources
- New platforms for class offerings
- New courses for elementary, middle and high school students
- New birthday party themes
- More locations throughout Georgia and beyond

Be sure you follow/like us to hear about all the latest!

### Is Change on Your Wish List?

#### Give yourself the perfect gift this holiday season!

Start your own Brainy Bytes and make a difference in your life and your community!
